7:00  Registration
Palace Tower, 4th floor, Emperors Level

SESSION 1
HOT TOPICS

Moderator: Chadwick P. Smith

7:30-7:45  TCCACS 2020 Review/Preview
Kenneth L. Mattox

7:45-8:00  Blowing Your Mind: TBI and the Role of Damage Control Craniectomy
Matthew J. Martin

8:00-8:15  The Bleeding Edge: Novel Blood Products in Trauma Resuscitation
Jennifer M. Gurney

8:15-8:30  Pain Management - Centering the Pendulum
Jay A. Johannigman

8:30-8:45  Bad to the Bone: Spine, and Spinal Cord Injury
Carlos V.R. Brown

8:45-9:00  REBOA Indications 2020
Bellal A. Joseph

9:00-9:15  Bowel Obstruction, Appendicitis, and Diverticulitis: New Treatments for Old Problems
Scott R. Steele

9:15-9:30  ECMO Indications in Trauma 2020
Hasan B. Alam

9:30-10:00  Panel Discussion

10:00-10:30  Break & Visit Exhibits

SESSION 2
CASE MANAGEMENT

10:30 - 12:00
Moderator: Alison Wilson

Panelists:
Hasan B. Alam  Jennifer M. Gurney
Joseph J. DuBose  Martin A. Schreiber
Alexander L. Eastman  Chadwick P. Smith
SESSION 3
LUNCHEON SESSION
12:00 - 1:30
Moderator: Kenneth L. Mattox
“Trauma From The Other Side of the Table”
R. Todd Maxson
Chief of Trauma/Burns
Arkansas Children’s Hospital
Professor of Surgery
University of Arkansas for Medical Sciences
Little Rock, AR

SESSION 4
SEE ONE; DO ONE - HOW I DO IT
Moderator: Bellal A. Joseph
1:30-1:45 Complex Hernias - Novel Techniques, Meshes, and Strategies
Carlos V.R. Brown
1:45-2:00 Complex Diaphragmatic Hernia
Kenji Inaba
2:00-2:15 Retroperitoneal Approach to the Spine
Sydney J. Vail
2:15-2:30 Video-Assisted Retroperitoneal Approach to Pancreatic Debridement: The Road Less Traveled
Andrew C. Bernard
2:30-2:45 Exposing Retroperitoneal Vascular Injuries
Michael J. Sise
2:45-3:00 Cooling Post Traumatic Arrest Patients
Mark J. Seamon
3:00-3:10 Management of Lung Injury (Video/Lecture)
Elizabeth R. Benjamin
3:10-3:40 Panel Discussion
3:40-4:00 Break & Visit Exhibits

SESSION 5
MORE HOT TOPICS
Moderator: Ali Salim
4:00-4:15 Peripheral Vascular Trauma: Endovascular vs. Open Repair 2020
Mark J. Seamon
4:15-4:30 TBI in Kids
R. Todd Maxson
4:30-4:45 The Acute Care Surgery Model 2020
Andrew C. Bernard
4:45-5:00 Pre-hospital Interventions That Should Be Abandoned
Chris Cribari
5:00-5:15 Panel Discussion
SESSION 6
MEET THE MASTERS
TCC & ACS - EXCITING OPPORTUNITIES
5:15-6:30
Moderator: Kenneth L. Mattox
- Will I be forced to do surgical shift work?
- Who & where are the role models in TCCACS?
- Is TCCACS a single hospital or multiple facility coverage practice?
- What opportunities are available for the trauma, surgical critical care & acute care surgeons?
- Is it possible to do clinical research in TCCACS?
- New trends in the field

Tuesday Morning, April 7
7:00-8:30 Continental breakfast served in Exhibit Hall

SESSION 7
CRITICAL TRAUMA/CRITICAL CARE TREATMENT
Moderator: Andrew C. Bernard

7:30-7:45 Steroids in the ICU Passe’ or Pertinent
Jay J. Doucet

7:45-8:00 Rescue Ventilation - APRV
Bellal A. Joseph

8:00-8:15 Old Tech, New App, and the Ripple Effect - Enhancing Acute Care in Critical Access Hospitals
Alison Wilson

8:15-8:30 The Sepsis 3 Guidelines & Management Pearls
Sheldon H. Tepperman

8:30-8:45 DVT Prophylaxis in TBI, Spine, and Solid Organs
Martin A. Schreiber

8:45-9:00 Vasopressors - Use & Misuse
Mark J. Kaplan

9:00-9:15 ICU Nutrition: Food for Thought
Alan H. Tyroch

9:15-9:30 Nonhemorrhagic Shock in the ICU
Chris Cribari

9:30-10:00 Panel Discussion
10:00-10:30 Break & Visit Exhibits

SESSION 8
HOUDINI SESSION
Moderator: David Zonies

10:30-10:45 Difficult Airway in Mobidly Obese Patients
Zaffer Qasim

10:45-11:00 Double Jeopardy: Thoracoabdominal Penetrating Trauma
Ali Salim

11:00-11:15 ERCP Resistant Common Bile Duct Stone
Chadwick P. Smith

11:15-11:30 Bariatric Surgery Emergencies for the General Surgeon
Matthew J. Martin

11:30-11:45 Major Vascular Injury - No One To Call
Joseph J. DuBose

11:45-12:00 Severe Liver Injuries - How to Prevail by Sheer Force of Will
Elizabeth R. Benjamin

12:00-12:15 Open Abdomen in the Rural Setting: Tips and Tricks
Stephen L. Barnes

12:15-12:30 Panel Discussion
SESSION 9
CAPSULE COMMENTARIES - EVOLVING ISSUES AND ANNUAL UPDATES

Moderator: Andre R. Campbell

2:00-2:08  Damage Control Amputation
Kenji Inaba

2:08-2:16  Police Transport of Penetrating Trauma - The Philadelphia Story
Zaffer Qasim

2:16-2:24  Managing Perianal Emergencies
Gregory M. Robertson

2:24-2:32  Transfer vs. Operate: What Do Rural Surgeons Need to Know?
Stephen L. Barnes

2:32-2:40  Ketamine: When? How?
Jay J. Doucet

2:40-2:48  Intercostal Pain Catheters for Rib Fractures
Ali Salim

2:48-2:56  Transport & Clearance - Cervical, Thoracic, & Lumbar Spine
Alexander L. Eastman

2:56-3:20  Break & Visit Exhibits

SESSION 10
CASE MANAGEMENT SESSION “STRICTLY RURAL”

3:20 - 4:45
Moderator: Alison Wilson

Panelists:
Stephen L. Barnes    R. Todd Maxson
Stephen F. Flaherty   Lynette Scherer
Sydney J. Vail

SESSION 11
COMPLICATIONS OF TRAUMA & ACUTE CARE SURGERY

4:45 - 6:30
Moderator: Martin A. Schreiber

4:45-5:00  The Difficult Stoma
Scott R. Steele

5:00-5:15  Complications of Endovascular Management of Trauma
Joseph J. DuBose

5:15-5:30  Missed Injuries
David Zonies

5:30-5:45  Short Gut Syndrome
Demetrios Demetriades

5:45-6:00  Penetrating Trauma to Previously Incorporated Mesh
Lynette Scherer

6:00 - 6:30  Panel Discussion

SESSION 12
MEET THE PROFESSOR/DISCUSS THE ISSUES

7:00 - 9:30
RECEPTION/DANCE
Augustus Ballroom, Palace Tower, 4th floor
Wednesday Morning, April 17

SESSION 13
HENRY C. CLEVELAND FORUM ON CONTEMPORARY ISSUES IN TRAUMA, CRITICAL CARE, & ACUTE CARE SURGERY

6:30-8:30 Continental Breakfast Served in Exhibit Hall

Moderator: Demetrios Demetriades

7:00-7:15 Proliferation of Trauma Centers: Solution vs. Dilution
Mark J. Kaplan

7:15-7:30 ICU Bundles: What Works and What Doesn’t
Andre R. Campbell

7:30-7:45 Burnout: Are We Fostering Resiliency or Dependency?
Hasan B. Alam

7:45-8:00 The Computer Will See You Now: Telemedicine in the ICU vs Laying on Hands
Bellal A. Joseph

8:00-8:30 Panel Discussion

SESSION 14
ANNUAL TRAUMA DEBATE

8:30 - 9:30

Moderator: Sheldon H. Teperman

Resolved: Salvage of the Injured Spleen is Best Practice in 2020
Pro Position: Kenji Inaba
Con Position: Matthew J. Martin

9:30-10:00 Break & Visit Exhibits

SESSION 15
WE HAVE MET THE ENEMY, AND “HE IS US”

Moderator: Sydney J. Vail

10:00-10:15 Nuclear Proliferation of Guidelines - Integrating With Good Judgement
Demetrios Demetriades

10:15-10:30 The Orange Book is Changing Colors Again - What’s New?
Chris Cribari

10:30-10:45 Maintaining Quality in the Era of Locum Tenens
Lynette Scherer

10:45:11:00 Ready to Roll? Challenges Training Emergency Surgeons in the Modern Era
Michael J. Sise

11:00-11:25 Panel Discussion

SESSION 16
COMMENTARY ON LESSONS LEARNED

11:25-1:00 Commentary On and Review of Presentations
Kenneth L. Mattox
Joseph J. DuBose, MD, FACS, FCCM
Professor of Surgery
Uniformed Services University of Health Sciences
Professor of Surgery
University of Maryland

Cleveland Clinic
Cleveland, OH
ABOUT THE COURSE

TRAUMA, CRITICAL CARE & ACUTE CARE SURGERY 2020
April 6-8, 2020

This annual Las Vegas Trauma, Critical Care & Acute Care Surgery Conference has become the best attended such course in the world, being oversubscribed the last 14 years. Of the more than 1300 attendees, over 80% are physicians. Our faculty are physicians in active practice who continue "in the trenches" day after day, night after night, dealing with the most complex surgical challenges. Each year, new "rising stars" join seasoned expert faculty. As you visit the Scientific Program section of our site, you will be impressed that such a stellar faculty has been assembled and how much practical surgical information has been incorporated into two and one-half days. Past attendees have aptly described the conference content as an, "Incredible journey in surgical knowledge, with "tour guides" whose expertise and personalities make every excursion a uniquely exceptional experience," "Amazingly wonderful, fast paced experience - like drinking water from a fire hose; it blew me away!" No other course like this in the world; can't wait to return next year."

As we enter our 53rd record-breaking year, it is appropriate that the continued focus be TRAUMA, CRITICAL CARE, & ACUTE CARE SURGERY. For every community, there continues to be a need for surgical and medical teams to evaluate and treat the sickest of the sick and the severely injured. With many graduates going into practices based primarily in minimally invasive surgical subspecialties, it is appropriate that this course take a leadership role in providing a continuing education venue for the complex operative and critical care surgical challenges, with major trauma continuing to be the epitome of such challenges.

GOALS

This program offers comprehensive continuing education in the treatment of critically ill and injured patients, stressing current basic and cutting edge guidelines and technology for evaluation, diagnosis, and management. The course is designed to enhance the knowledge and skills of those caring for ill and injured patients in rural, urban, and suburban hospitals.
OBJECTIVES
1) Describe innovative, appropriate techniques and technology for optimal care of the injured or seriously ill patient in urban and rural environments, 2) Apply concepts from urban and rural trauma and acute care surgery cases to the practice setting, 3) Describe practical exposure techniques and guidelines for management and early control of injuries and acute surgical conditions, 4) Identify the dilemmas, ethics, and solutions relative to managing critically ill and injured patients, 5) Discuss care issues particular to the surgical intensive care unit, including use of steroids, APRV, sepsis, vasopressors, nutrition, and non-hemorrhagic shock, 6) Address issues relative to trauma and acute care surgery evolution, including managing TBI, pain, bowel obstruction, appendicitis, and peripheral vascular trauma, 7) Discuss ongoing advances and the controversies surrounding them, including appropriate use of REBOA, opioids for trauma patients, nonoperative management, use of ECMO, and endovascular management of trauma, 8) Discuss how to manage complications of missed injuries, difficult stomas, short gut syndrome, and penetrating injuries in the presence of incorporated mesh, 9) Discuss evolving nonclinical issues, including the acute care surgery model, proliferation of trauma centers, ICU bundles, burnout, guidelines vs good judgement, and the challenges of training emergency surgeons.

EDUCATIONAL METHODS
Didactic lectures, panel discussions, audiovisual aids, and course syllabus.

TARGET AUDIENCE
The course is designed primarily for trauma surgeons working in Level I-IV trauma centers. In addition, general surgeons, emergency physicians, anesthesiologists, trauma coordinators, surgical residents, thoracic surgeons, trauma nurses, PAs and NPs, administrators, and EMS coordinators will benefit from this course.

AMA CREDIT DESIGNATION
CME credit will be applied for for this activity.

For the purposes of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credits™ issued by organizations accredited by the ACCME.

CERTIFICATES
To receive CME credits/certificates, attendees MUST COMPLETE AND SUBMIT Verification of Attendance Forms and the Conference Evaluation Tool. Onsite electronic submissions are processed immediately, and your certificate is available for download once appropriate documents are completed.

ADVANCE REGISTRATION
Registration is limited to the first 1300. Register online using a credit card. If you wish to pay by check or money order, complete the Advance Registration Form and mail it to the indicated address. THERE IS A $95 CHARGE FOR CANCELLATIONS, AND NO REFUNDS ARE ISSUED AFTER March 16, 2020. Registration fee includes: participation in all sessions, course summary material, continental breakfasts, coffee and refreshment breaks, Monday luncheon session and the Tuesday evening Meet the Professor/Discuss the Issues reception and dance. See page 21 for complete mail in registration information.
Both conferences will be held at Caesars Palace in Las Vegas. This 85 acre resort continues to set the standard for excitement and luxury. We have secured additional rooms at a great rate at The Linq Las Vegas across the Strip from Caesars.

LOWER CONFERENCE GROUP RATES!
Book ONLINE at www.trauma-criticalcare.com

We have a block of rooms in FOUR DIFFERENT TOWERS at CAESARS PALACE

CAESARS PALACE (MEETING HOTEL)

Classic Room (Forum Tower).............$199.00
Palace Tower Deluxe King (Meeting Tower).....$235.00
Julius Tower Luxury King..................$265.00
Augustus Tower...............................$265.00

NOBU HOTEL
Caesars luxury hotel located in the center of Caesars Palace
Nobu Luxury King.............................$265.00

To Book Caesars Palace or NOBU by phone, call 866-227-5944. Your GROUP CODE is SCTCC0
NOTE: Caesars charges a fee for telephone bookings

BOOK HOTEL ONLINE NOW!

SESSION 1
BEEN THERE, DONE THAT -

**Moderator: Sheldon H. Teperman**

7:45-7:55  Setting the Stage: Review/Preview 2020  
*Kenneth L. Mattox*

7:55-8:15  Learning From Our Mistakes: The Missouri Tornadoes  
*Stephen L. Barnes*

8:15-8:35  Prisoner Bus Crash  
*Sydney J. Vail*

8:35-8:50  CMOC - Regional Disaster Oversight  
*Lori Upton*

8:50-9:10  Loss of Hospital and Community Infrastructure: The Earthquakes in New Zealand  
*Gregory M. Robertson*

9:10-9:30  Palliative Care During Disasters...Unmet Needs?  
*David Zonies*

9:30-9:50  Panel Discussion

9:50-10:15  Break & Visit Exhibits

SESSION 2
NEED TO KNOW BEFORE YOU GO

**Moderator: Jennifer M. Gurney**

10:15-10:30  Five Things I Cannot Live Without - Tricks in My Tool Kit  
*Jay A. Johannigman*

10:30-10:45  Disaster Magnets - How to Prepare for Whatever Comes Your Way  
*Sheldon H. Teperman*

10:45-11:00  Maintaining Resiliency in MCI Personnel  
*Elizabeth R. Benjamin*

11:00-11:15  Strategic National Stockpiles - What Are They? How Do You Access?  
*Alexander L. Eastman*

*Martin A. Schreiber*

11:30-11:45  Panel Discussion
SESSION 3
LUNCHEON SESSION
11:45 - 1:30
Palace Tower, 4th Floor, Palace Ballroom

Moderator: Kenneth L. Mattox

“Christchurch, New Zealand Mosque Shootings”
Gregory M. Robertson
Chief of Surgery
Christchurch Hospital
Canterbury District Health Board
Christchurch, New Zealand

SESSION 4
CASE MANAGEMENT
1:30 - 3:00

Moderators: Kenneth L. Mattox

MEDICAL RESPONSE TO MASS SHOOTINGS
Christchurch, New Zealand, El Paso, TX, Orlando, FL

Panelists:
Stephen F. Flaherty   Chadwick P. Smith
Gregory Robertson   Alan H. Tyroch
Lori Upton

3:00-3:30  Break & Visit Exhibits

SESSION 5
BEYOND TRIAGE & RESUSCITATION

Moderator: Chadwick P. Smith

3:30-3:45  Managing ICU Overload in MCI
Andre R. Campbell

3:45-4:00  Biochemical Disasters
Jay J. Doucet

4:00-4:15  Rural to City: Medical Echelon Model of Disaster Response
Stephen F. Flaherty

4:15-4:30  Challenges of Radiation Exposure
Carlos V.R. Brown

4:30-4:45  A Surgeon’s Top 5 (or 10) Asks of My Hospital Administration for Disaster Preparedness
David Zonies

4:45-5:00  Thinking About the Unthinkable - The Aftermath of California Wildfires
Jennifer Gurney

5:00-5:15  Protecting the Nation’s Health
Alexander L. Eastman

5:15-5:30  Travel Hazards: Planes, Ships, Foreign Countries
Kenji Inaba

5:30-5:45  Multiple Burn Patients in Your EC
Sydney J. Vail

5:45-6:00  Late Breaking News
Kenneth L. Mattox

6:00 - 6:30  Panel Discussion

6:30  Conference Adjourned

ABOUT THE COURSE

MEDICAL DISASTER RESPONSE 2020
Sunday, April 5, 2020

MEDICAL DISASTER RESPONSE 2020 has been developed by the group that brings you Trauma, Critical Care & Acute Care Surgery. This course made its debut in 2008 and was an immediate sell-out. It is specifically for clinical personnel who, in the “heat of battle,” are trying to save patients’ lives and limbs, often with limited space and workers, while trying to quickly determine how to manage more patients than the facility can process. Whether it is an overwhelmingly busy Friday night or a full-scale mass casualty, the clinical personnel are on the front line.

Course faculty are selected for their first-hand experience in medical disaster response, and the program is designed to present maximum content in formats most conducive to learning and audience involvement.

Physicians, nurses, administrators, and others in the hospital and clinical arenas will, sooner or later, be faced with the care of multiple patients following a natural, terrorism, industrial, or other catastrophic event that might be considered overwhelming mass casualty or “disaster.” Many journals, courses, and event “model” disaster plans address infrastructure, supplies, causes, public health, and logistics. However, the medical/clinical aspects, the most important determinant of survival, are often overlooked.

This course focuses on these aspects and targets the clinical personnel who are the first to receive the victims of a catastrophic event. Whether it is a shooting in a community or a devastating earthquake, the roles of the individuals responsible for immediate medical response will be the focus. Every physician, nurse and administrator working in a hospital clinical setting has the potential to be called upon, without notice, to fulfill these responsibilities.

OBJECTIVES

1) Develop strategies to meet challenges of triage, limited resources, the active shooter, palliative care, and maintaining resiliency of personnel in MCI situations, 2) Modify individual situation responses based on data from past responses, 3) Gain a knowledge of resources available from government and regional disaster oversight agencies as well as hospital administration in mass casualty response, 4) Discuss specific clinical response in MCI, including managing ICU overload, biochemical disasters, radiation exposure, and multiple burn patients, 5) Discuss potential travel hazards, 6) Learn about walking blood banks.
AMA CREDIT DESIGNATION

CME credit will be applied for for this activity.

For the purposes of recertification, the American Nurses Credentialing Center accepts *AMA PRA Category 1 Credits™* issued by organizations accredited by the ACCME.

CERTIFICATES

To receive CME credits/certificates, attendees MUST COMPLETE AND SUBMIT Verification of Attendance Forms and the Conference Evaluation Tool. Onsite electronic submissions are processed immediately, and your certificate is available for download once appropriate documents are completed.

INFORMATION FOR EXHIBITORS

TWO Cutting Edge Conferences

MEDICAL DISASTER RESPONSE 2020
Sunday, April 5, 2020
SAVE $$ when you sign up for this conference in addition to TCCACS

TRAUMA, CRITICAL CARE & ACUTE CARE SURGERY 2020 (TCCACS)
April 6-8, 2020

Please visit our website: www.trauma-criticalcare.com for the exhibit space application, prospectus, and complete information for exhibitors.

(Enrollment Limited to 400)

Sunday, April 5, 2020
SAVE $$ when you sign up for this conference in addition to TCCACS

Please visit our website: www.trauma-criticalcare.com for the exhibit space application, prospectus, and complete information for exhibitors.

(Enrollment Limited to 1,300)

April 6-8, 2020

Reserve your space before January 6, 2020, to get a discounted rate. And this year, we, again, offer an added discount - the "Combo Rate" for those wishing to exhibit at both conferences.

BOTH CONFERENCES

DRESS
Attire for the meeting is business casual. Every effort will be made to provide a comfortable learning environment; however, meeting room temperatures are variable and may be difficult to control. The temperature is occasionally cool in the meeting rooms; therefore, a jacket or sweater is recommended.

NAME BADGES
All registrants will be provided a name badge for use during the meeting. For security purposes, name badges are required at all times in the convention area. Individuals without a badge will not be permitted into the course rooms or exhibit hall. Lost badges will be replaced for a $20 fee.

WHAT’S HAPPENING IN VEGAS
For show and other entertainment information, visit the Las Vegas convention and visitors website at: www.lvcva.com call 1-877-847-4858.

As the meeting dates draw closer, more show information will be available on this site. Also, check our conference website for late breaking show information. www.trauma-criticalcare.com
AIR TRANSPORTATION

We have partnered with United Airlines to offer travel discounts to our event. Visit www.united.com/meetingtravel and enter ZHJ7957359 in the Offer Code box. You may also call United Meeting Reservation Desk at 800-426-1122. Please note that travel dates begin on April 5, 2020, and end on April 11, 2020.

AIRPORT TRANSPORTATION SERVICE IN LAS VEGAS

LASxpress (www.LASxpress.com) is offering our attendees special rates. The conference booking link is posted under “General Information” on our web site, www.trauma-criticalcare.com.

CANCELLATION POLICY
Refunds are available, less a $95 processing fee, up to March 16, 2020. No refunds will be given on requests postmarked after March 16, 2020. Please note that cancellations must be submitted in writing prior to March 16, 2020. Cancellations will not be accepted over the telephone. Upon receipt of your letter/email of cancellation, you will receive immediate confirmation. No refunds will be issued after March 16, 2020. If canceling, mail/email your cancellation request on or before March 16 to:

Mary Allen, Program Coordinator
Trauma & Critical Care Foundation
P.O. Box 35850
Houston, Texas 77235
Fax: 713-796-9605
Email: redstart@aol.com

CERTIFICATES
To receive CME credits/certificates, attendees MUST COMPLETE AND SUBMIT Verification of Attendance Forms and the Conference Evaluation Tool. Electronic onsite online submissions are processed immediately, and your certificate is available for download once appropriate documents are completed. You are urged to complete this process while at the conference, where IT help is available if you need it.
